

Guide to Flexible Plastic Film Recycling (A.K.A. The Plastic Bag Guide)

Flexible Plastic Film is most often encountered as plastic bags. It can also be in the form of wrapping material. The new recycling program will be able to divert types 2 & 4 plastic film packaging material when taken to a recycling depot but unfortunately some types must be thrown in the garbage. The following guide will help you know what can be diverted from the waste stream and what cannot.

**Type 2 & 4 Flexible Plastic Film Packaging
Depot Drop-Off Only**

			
Grocery Bags	Over Wrap Plastic	Bread Bags	Non-Re-Sealable Frozen Fruit and Vegetable Bags

**Non-Recyclable Flexible Plastic
Film Packaging (Garbage Only)**

			
Chip/Snack Bags	Cellophane Wrap/Bags	Bubble Wrap Packaging	Cling Wrap
			
		Zip Lock Bags
