You bring the food, refreshments, utensils, supplies, and any decorations. We will do the set up and clean up. If renting the Arena Dry Floor, bring your own wheels like scooters, skateboards, rollerblades, bikes or own sticks to play floor hockey. Third party liability insurance is not required.

\$80/Per hour | Arena Dry Floor or Civic Centre

CHILDREN'S CAMPS FAQ

Can I register my child who is under 3 for the ages 3 - 5 camps? Child needs to be 3 by Sept 30. If your child isn't 3 by the camp date but will be 3 before Sept 30, please call the front desk at 250.949.6686 or come in person and we will help register them.

Do I need to fill out a registration/waiver form for every camp? No. You only need to fill out one form and indicate on the form which camps you are registering for.

Will there be bathrooms at Eagle View Field? No. We will use the bathrooms at the Recreation Centre and will go over as a group unless there is a bathroom emergency.

If camps are full, can I be put on a waitlist? Yes. Sometimes families need to cancel and if you are on the waitlist then we know you want to join!

What do I need to pack my child for the camp? We will send an email with a detailed list as all the camps are at different times. Camps that are over noon will need a lunch and water bottle, other camps will need a snack and water bottle.

What happens if it rains during camp days? If there is heavy rain then camps will take place indoors on the Arena Dry Floor, with exception to the camps at Beaver Harbour Park which have a pavilion cover for bad weather.

Change of plans? How late can I get a full refund? Up to 5 business days prior to the first day of camp.

What if my child gets sick and cannot attend the whole camp? Send us a note, email or phone call indicating that your child is sick and you will be credited for the days missed.

REFUND POLICY:

Refunds will be given with 5 days advance notice of program/lesson start dates. Certification courses require a minimum 7 days notice of cancellation prior to start date. All refunds are subject to a \$5 administration fee regardless of when notification is given. Refunds will not be issued after the beginning of the first class. Refunds (full/partial) will be considered and the \$5 cancellation fee waived for all programs anytime with a doctor's note.

PORT HARDY FARMERS & ARTISAN MARKET

Sunday | Jun 12, 26, Jul 31, Aug 14, 28, Sep 11, 25
10:00 am - 2:00 pm

Imagine this: it's the weekend, the summer sun is shining as you explore the farmer's market. A busker is playing a familiar old tune on a guitar as you wander along the row of tents filled with plants, vegetables, candies, arts, and crafts. There is no better place to be!

The Port Hardy Farmers and Artisans Market (PHFAM) began in 2017. It is part of the North Island Farmers and Artisans Market (NIFAM), which is celebrating its 10th anniversary this year. Everything that is sold in the markets is proudly homemade, home baked, or home grown. In a world concerned about sustainability, supporting local is as good as it gets!

Check out Port Hardy Farmers and Artisans Market facebook group for more details.

CAUTION, CREWS WORKING!

The annual road maintenance program is now under way. Crews are working on streets, sidewalks, boulevards and along public roadways line painting, brush clearing, sweeping, completing road repairs and other maintenance.

Watch for crews at work. Follow road signs, slow down and move over when approaching crews and equipment. Violators may face fines up to \$173 and three penalty points.

Your diligence helps keep crews safe!

SLOW DOWN & MOVE OVER

DRIVERS MUST SLOW DOWN AND MOVE OVER WHEN APPROACHING AN OFFICIAL VEHICLE WITH FLASHING LIGHTS STOPPED AT THE SIDE OF THE ROAD

OFFICIAL VEHICLES INCLUDES: EMERGENCY VEHICLES AND MAINTENANCE VEHICLES

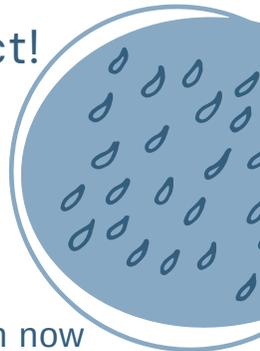

EQUIPPED WITH FLASHING RED, BLUE OR AMBER LIGHTS

Did You Know?

Level One water conservation measures are now in effect!

Why?

Even with all the rain it is important to conserve water. Crews work year-round to ensure the reservoir is full and ready to handle our demands during drier times and emergencies.

What can I do?

Limiting water usage by reducing consumption now helps us plan and manage our water supply and availability. Here are a few water conservation tips you can follow to help us ensure that there is enough water available to meet the community's needs year-round:

1. Reduce frequency & timing of watering (Follow the general rule. i.e. even house #'s on even days).
2. Water trees, shrubs, flowers and vegetable gardens by hand.
3. Use a pail or hose with a shut off to control water flow when washing vehicles.
4. Get a permit for watering a new lawn.

The water conservation level may change.
